

Appendix 2: Eastern Fuel Consumption Spread Sheet Data Study Summary—JFSP Project # 08-1-6-01

Eastern fuel consumption study data spreadsheet for all data collected on the 29 units monitored. It includes study site descriptions and location, pre-fire environmental variables, fuel moisture content weather, and pre-fire loading and fuel consumption by fuelbed category.

The file is attached separately and named: JFSP_08-1-6-01_Ottmar_unit_data.xlsx.

This is in partial fulfillment of JFSP project # 08-1-6-01 and is being uploaded into the SEMIP repository and is posted on the Fire and Environmental Research Application Team's website: <http://www.fs.fed.us/pnw/fera/>
