

UPDATE
FUNDING OPPORTUNITY NOTICE (FON)
Joint Fire Science Program (JFSP)
December 7, 2017

The intent of this notice is to provide an update to investigators who are interested in potential research opportunities from JFSP.

Although a final FY18 appropriation has yet to occur, based on the information it has the JFSP has decided not to issue a primary FON for FY18. JFSP still intends to issue a GRIN FON for FY18 sometime in 2018. Potential GRIN topics are described in the July 2017 Notice of Intent (NOI) found at: <https://www.grants.gov/web/grants/search-grants.html>. Investigators should not invest substantial time or resources working on proposals until the GRIN FON and its associated topics are formally posted.

Investigators should not contact the JFSP Office or Governing Board members seeking further information on these topics. No further information will be released until the FON is formally posted.

Formal FON posting will be available on <https://www.firescience.gov>. In addition, investigators can subscribe to JFSP's weekly Friday Flash eNews where announcements will be made about FON release.
